

“复制美国工艺？ 我们做法一致！”

["Duplicating your U.S.
process in China? Now you're
speaking my language!"]

Ross can help make your business
more competitive in East Asia,
Europe and the Middle East. With
two plants in China, Ross can
provide the mixing equipment
you need to duplicate your
U.S. process overseas.

With genuine Ross engineering and
quality standards, we can help
eliminate end-product inconsistency.
With worldwide manufacturing
and distribution, we can also
deliver fast – at a price that's
impressive in any language.
