

# “From 1 to 300 HP. From New York to New Delhi...”

With our plants in India, China and the United States, Ross is now the world's #1 manufacturer of High Speed Dispersers. For a multitude of applications from coatings to chemicals and adhesives, no one can deliver the production capacity you need as fast as we can. Anywhere in the world.

Lokendra Singh, Director  
Ross Process Equipment Pvt. Ltd.  
Pune, Maharashtra, India

Whether you need 50 High Speed Dispersers at once – as in the order shown here – or just one, every unit is backed by Ross, the world leader in mixing and blending.

**The incomparable Ross High Speed Dispenser.**
